To Whom It May Concern:

Applicator Qualifications for Installation of Polibrid 705

The purpose of this letter is to inform you Advanced Lining Solutions, Inc. of Phoenix, AZ is a Certified and Qualified Applicator of the Carboline family of products, including Polibrid 705.

Advanced Lining Solutions has undergone extensive training and field application of our product line. In addition, Advanced Lining Solutions has applied over 50000 square feet of Polibrid 705 in various environments, including concrete and steel water tanks, process tanks, Sump Areas, Containment Areas - both primary and secondary, loading bays and docks, and Mining assets such as Slurry Tanks and Containment Pits.

If you should have any questions or concerns about the application process, or would like to discuss specific application projects, please feel free to discuss them with me. I can be reached at the numbers above or via e-mail at dfutch@carboline.com.

Sincerely,

Don Futch
Territory Manager
